

5440-92 Career and Technical Center Director

The holder is authorized to serve as director of a career and technical center. An educator serving as Assistant Career and Technical Director, however named, shall hold a Career and Technical Center Director Endorsement.

In order to be judged as competent, the applicant shall meet the following qualifications.

1. Hold a Master's degree, or its equivalent, in Education or Administration and a concentration in educational administration.
2. Have five or more years of experience in education, business, or industry, or work in public or private agency or foundation, including:
 - a. three or more years of technical education teaching or training experience in the public or private sector;
 - b. two or more years of work experience not related to educational or training experience;
 - c. one or more years of successful experience as head of a department of technical education or other administrative or managerial work experience; this experience may be included in meeting requirements of section b.
3. Meet the General Competencies specified for school district administrators
4. Knowledge of local, state and federal laws related to technical education, labor and industry.
